

# Wildlings Resort FAQ

## How do we get there?

### Google Maps

The easiest way to get directions is to enter Surrey Lake as your destination into your google maps. Make sure your destination is Surrey Lake, Thompson-Nicola. There are other Surrey Lakes in the province.

### From the Coquihalla

Take the Lac Le Jeune/Logan Lake exit 336 ( 30 mins north of Merrit or 30 mins south of Kamloops), follow the signs west toward Logan Lake. You are now on the 97D also known as Meadow Creek Rd. Approximately 7km after the exit you will find Surrey-Sussex Lake Road on your left. Keep in mind, this is a gravel forestry road. Follow this main road for another 9km. Once you pass under the Coquihalla and over the 4th cattle guard, keep right at the fork in the road and you'll be here!

### From Ashcroft

Follow the signs for Logan Lake onto the 97C. Once you have passed through Logan Lake Township, you are now on the 97D also known as Meadow Creek Rd. Approximately 16km after the town you will find Surrey-Sussex Lake Road on your right. Keep in mind, this is a gravel forestry road. Follow this main road for another 9km. Once you pass under the Coquihalla and over the 4th cattle guard keep right at the fork in the road and you'll be here!

## What do I need to bring?

Don't forget that this is a wilderness area, please bring sturdy outdoor footwear and clothing appropriate for a high alpine pass. The camp goes dark at 10 pm so you'll need to bring a headlamp or flashlight to navigate after this time. As we are off the grid, there will be no refrigerators available at this time so please bring your food in a cooler with ice. Showers and a washroom are provided in summer only, however, you'll need to bring your own hygiene products and a towel. Bug spray and citronella candles are a good idea to keep any bugs a bay.

## Cabin Guests

Firewood, cookware (including dinnerware and cutlery), and small axes are provided. You will also need to bring a pillow and a sleeping bag or sheets and a duvet. You may want to bring your own axe as well.

## Tent Camping

Firewood is available to burn in your fire ring ( provided there are no fire bans), you will need to bring your own axe to make kindling though. You will need a tent and sleeping gear capable of keeping you warm for the conditions during your stay. Cookware is not provided for tent guests, so you'll need to make sure you bring that along also.

## Do you have boats for rent?

Yes, we have a fleet of aluminum boats with outboard motors for rent. Please contact us prior to your stay to check availability and reserve.

We will also be adding a fleet of paddleboards, so check in with us on this.

## Does the resort have electricity?

Yes! The cabins are now running off solar power and have 24/7 lighting and one electrical outlet to charge devices. Please do not bring electric heaters to plug in as they will blow the electrical system to the whole camp.

Bringing your own flashlight or headlamp to move safely about the grounds after dark would be a good idea, though.

## Are there fish in the lake?

Yes, the lake is stocked annually with rainbow trout. While most of the fish in Surrey Lake are of the smaller variety, you'll have plenty of action. For those looking for more of a fight our neighbouring lakes still have some trophies. Don't forget your BC freshwater fishing license!

## Can we have outdoor fires?

Yes, provided we are not in a fire ban. Please read our policies section information on fire regulations at Wildings Resort.

## Can we have visitors while we stay?

Guests can entertain visitors during their stay, visitors need to be registered using the day use registration portal found on the website and a fee of \$15.00 per visitor vehicle is payable. (\$20.00 for those with boat trailers)

## Can we bring our pets?

Yes, provided you have read our policies pertaining to pets found on the website. There is also a non-refundable pet cleaning fee of \$30 (charged at the end of your stay)

## Can we bring firearms or bows?

Hunters and Shooters are very welcome at the resort so you are welcome to bring your firearms and bows. However, for safety reasons, there is **no shooting of any type on the resort** grounds, this includes rifles, shotguns, pellet or bb guns, slingshots, bows or crossbows. There are areas near the resort where it is legal to shoot, however, it should be noted that it is illegal to shoot a single projectile within 400m of the Coquihalla highway. Hunters/shooters are at all times responsible for maintaining safe shooting practices, including being fully aware of the trajectory of their projectile. **Firearms on the property must be unloaded at all times** and stored in accordance with the Canadian Firearms act.

## Is the water drinkable?

The well water has been tested in accordance with the Interior Health regulations and is safe to drink. There are a few stand pipes and faucets on the property for you to get potable water.

## Can we expect wildlife in the area

Yes, you can expect wildlife to be in the area, please visit the wildlife section of our website for more information on what to expect. The wildsafebc.com website is your best resource for information on how to stay safe near BC's critters.
